## A CHANGE IN PROGRAM

MR. BRYAN WILL ARRIVE HERE FROM BOONVILLE AT 1:30 P. M. THURSDAY.

## MAY BE GIVEN A DINNER AT CLUB

Committees on Reception From the Business Men's Club and the Young Men's Democratic Club—Opening Program.

The program has been changed in regard to the arrival of Hon. W. J. Bryan, who will open the two weeks' Chautauqua at Liberty park at 3 o'clock Thursday afternoon.

Mr. Bryan will come in on a special M., K. & T. train from Boonville, as stated yesterday, but he will arrive at 1:30 instead of 2:30 o'clock p. m.

When Mr. Bryan alights from the train he will be met by a committee appointed by the Business Men's association and another committee from the Young Men's Democratic club and escorted to Liberty park, where a short reception will be held. The two committees are made up as follows:

**Business Men's Committee.**

At the conclusion of Mr. Bryan's address it is possible a dinner will be given him at the Elks' club rooms by a score or more of representative democrats. The distinguished visitor will leave for Clinton at 6:30 o'clock Thursday evening.

**Opening Program.**  
Following is the program for the opening day, "Bryan day," on which there will be neither morning nor night session—only Mr. Bryan's afternoon talk:

2:00 p. m. Concert, Chautauqua orchestra.  
2:30 p. m. Opening address by

Chautauqua superintendent.  
2:00 p. m. Lecture, "The Old World and Its Ways," by William Jennings Bryan.

The Chautauqua has the following in regard to Mr. Bryan:

The world's greatest orator will deliver his newest lecture, "The Old World's Ways." This lecture is the fruit of the recent tour that Mr. Bryan made of the world, the result of careful study of conditions as he found them and the contrast with Twentieth Century America. Here's a lecture that every American should hear. It makes for better citizenship and better manhood, as well as for better patriotism. No other private American citizen has ever held such an affectionate place in the hearts of the American people as the great commoner, W. J. Bryan. The parity of his personal life and his unswerving fidelity to the cause of righteousness have caused him to be honored and admired by all classes, regardless of political belief. Destined to be the next candidate for the highest office in the gift of the people, he is the most conspicuous citizen in America.

## ONE KILLED IN A WRECK

TWO PASSENGERS COME TOGETHER ON GREAT WESTERN TRACK IN KANSAS.

## TRAVELING MAN WAS SCALDED

Collision Was Caused By Confusion of Orders Regarding Burlington Train Being Detoured On Account of Heavy Flood.

Kansas City, Mo., July 16.—A Great Western passenger train and a Burlington train, both northbound, went together at Bethel, Kansas, ten miles north of Kansas City, early today.

Fritz Ulrich, a traveling salesman, of Rochester, N. Y., who was locked in a toilet room, sustained a scalp wound, was badly scalded and inhaled steam. He died at Kansas City, where he was taken several hours later. He was unconscious when he recovered after the wreck. Two other passengers on the Burlington train were slightly hurt, but were able to continue their journey. All the other passengers escaped with a shaking up.

The wreck resulted from a confusion of train orders, the Burlington train being detoured over the Great Western tracks on account of the flood.

## RED LIGHTS ARE NEEDED

Before Unsightly Rock Piles Cause an Accident.

One day last week two large loads of broken rock were dumped on West Fourth street, one in front of the residence of W. J. Crawford, in the 400 block, and the other in the next block west.

The supposition of the property owners is that the rock was dumped by the city, with the intention of filling up some of the thousand and one holes in the asphalt paving.

Be that as it may, the unsightly piles of macadam have nearly caused several runaways by horses taking fright at them, and more than one vehicle has come near being overturned at night by the vehicles being driven into the rocks because no danger signal was displayed.

A suggestion to the wise is sometimes sufficient.

## HELD UP FREIGHT TRAIN

Robbers in Kansas Rob and Kill One and Wound Another.

Cherryvale, Kas., July 16.—Two robbers early today held up a St. Louis and San Francisco east bound freight train, five miles east of this city, and robbed, shot and killed O. J. Brown and seriously wounded Otis Taylor, a Western Kansas harvest hand, who was beating his way home. The robbers escaped. Taylor was brought here and may recover from his injuries.

**Fined for Drunkenness.**

A white man and a negro were each fined \$5 by Judge Gresham in police court today for drunkenness.

## SERVICES FOR AUGUST

THEY WERE ARRANGED BY THE SEDALIA MINISTERS' ALLIANCE.

## TO BE HELD ON SUNDAY EVENINGS

Divines Are to Preach in Churches Other Than Their Own in Both East and West Sedalia Next Month.

By vote of the ministerial union it was decided to have the following services Sunday evenings during the month of August:

On the west side, Sunday, August 4, M. E. church, South, Rev. Geo. Warren, preacher; First Baptist church, Rev. S. S. Martin, preacher.  
August 11, Broadway Presbyterian church, Rev. F. Y. Campbell, preacher; First Christian, Rev. J. F. Caskey, preacher.  
August 18, First Congregational, Rev. J. M. Rudy, preacher; Trinity Lutheran, D. M. Clagett, preacher.  
August 25, Central Presbyterian, Rev. S. M. Leshner, preacher; First M. E., Rev. James Parsons or Rev. A. A. Boyd, preacher.  
The following services will be held in East Sedalia:  
August 4, Broadway Christian, Rev. T. R. Gray, preacher; August 11, East Sedalia Baptist, Rev. Clark Baker, preacher.  
August 18, Second Congregational, Rev. W. F. Hamann, preacher.  
August 25, Epworth M. E., Rev. R. C. Miller, preacher.  
The choir of the church in which the service is held will have charge of the music.

## CLAIMED SEDALIA BRIDE

C. B. Ward, of Detroit, Married to Miss L. Chastine Davis.

C. B. Ward, of Detroit, Mich., a traveling salesman, who includes Sedalia in his territory, and Miss L. Chastine Davis, of East Broadway, were quietly married at the study of the First Christian church by Rev. J. M. Rudy, the pastor, at 10 o'clock this morning.

The only attendants were a brother and sister of the bride.

The couple leaves today for St. Louis, after which they will spend their honeymoon in Tennessee and the south.

## W. C. T. U. AT MOBERLY

The Eighth District is in Session at Moberly, Mo.

Moberly, Mo., July 16.—The fourteenth annual session of the Woman's Christian Temperance Union, of the Eighth district of Missouri, opened here last night with a lecture delivered by Miss Rowena Shaner, of Jackson, Mo., State and national organizer and lecturer.

The union will be in session this afternoon and night. Mrs. Neil Burger of Clark, Randolph county, holding the same position as Miss Shaner, will also lecture. Mrs. Burger was born in St. Louis.

## Gives Birth to Triplets

Fairfield, Ill., July 16.—Mrs. Curtis Davis, 23 years old, and weighing 120 pounds, Sunday gave birth to two boys and a girl, of about equal weight, the aggregate weight being twenty pounds. Mr. and Mrs. Davis have been married six years and have two other children. Mr. Davis is a young farmer.

## Work Partially Completed.

The Kansas City firm of tanners and St. Louis firm of painters who have been engaged at the Katy's new paint shop in this city partially completed their work yesterday, and each firm returned to their headquarters today.

## Union Card Taken From Bar.

The local Bartenders' union yesterday removed the union card from the bar at the Antlers hotel, declaring the place a non-union bar, on account of the proprietor employing a non-union barkeeper, Henry Pearson.

## IMPEACHING WITNESSES

STATE IS NOW BUSY SHOWING THAT PERJURY WAS COMMITTED FOR DEFENSE.

## ONE OF THEM HAS BEEN ARRESTED

Attorneys Have Sharp Clash and Indulge in Personalities for the First Time During the Entire Trial.

Boise, Idaho, July 16.—In the Haywood trial today A. C. Cogswell, of Wallace, Idaho, was called to further impeach Dr. I. L. McGee, a defense witness, who is now under arrest, charged with perjury. McGee testified as to certain dates by fixing the date of the county republican convention in Wallace.

Cogswell, who was the permanent chairman of that convention, gave different dates and the state also offered in evidence a copy of the Idaho Tribune, published at Wallace, and identified as the official organ of the local union of the Western Federation of Miners at the time.

This paper contained an account of the blowing up of the Bunker Hill and Sullivan mines, which the state desired to place before the jury in answer to Attorney Darrow's opening statement that the defense would show that the crowd which attacked them was an organized mob.

In the argument which arose over the admissibility of the newspaper, Attorney Hawley for the state, and Richardson for the defense, had a sharp clash, and personalities were indulged in for the first time since the trial started.

## DEATH OF MRS. MOUNT

Was the Wife of Missouri Pacific Passenger Conductor.

Mrs. Frank Mount, a former Sedalia lady, wife of a Missouri Pacific conductor, now residing at St. Louis, died suddenly at Colorado Springs, Colo., at 5 o'clock yesterday morning, aged about 45 years.

Two weeks ago yesterday Mrs. Mount, who had been in poor health for several months, passed through this city from St. Louis to Colorado, where she expected to benefit her health. She was met at the train there by friends, but since her arrival in the Centennial state nothing was heard from her until the sad message telling of her death.

Mr. Mount, accompanied by his eldest son, Earl, passed through here this afternoon enroute to Colorado to accompany the remains back to St. Louis, where the interment will be.

Mrs. Mount was a member of the Congregational church and besides her husband she leaves four children, as follows: Mrs. Walter Castle, formerly Miss Ina Mount; Earl, Harry and Beulah Mount. All reside at St. Louis.

Mrs. Mount removed to St. Louis from Sedalia about eight years ago. Prior to that time she resided here and by her kind manner and lovable disposition won many friends, all of whom will read of her demise with sorrow.

## SHOOTING IN HOWARD

Prewitt Burton, Farmer's Son, Shoots Negro Over Trifle.

Prewitt Burton, son of P. H. Burton, a well-known farmer living just across the river in Howard county, twice shot and seriously wounded Chas. Broadus, a negro whose home was at Fayette Saturday evening, because the latter refused to get some ice from the ice house, says the Boonville Democrat.

Reports vary as to the causes leading up to the shooting. Young Burton claims the negro called him vile names and threatened him, while another report says the shooting was uncalculated. Burton was in Boonville this morning.

**Is Reported at Death's Door.**

Bert Bailey, accompanied by his sister, Miss Mayme, left last night for Salina, Texas, in response to a telegram informing them of the critical illness of their grandmother, Mrs. Ellen Humphreys, aged 74 years, who is at the point of death with dropsy. They will be absent about a week.

## Saloon Robbery Reported.

Unknown parties stole \$2 in money and several dollars worth of goods from W. J. Riley's saloon, 213 West Main street, some time after the closing hour last night.

Officer James Card found the rear door of the place open early this morning and notified the owner. There is no clue.

The supposition is that the night bartender unintentionally locked some one in the place.

## Death of an Infant.

The week-old child of O. L. Wilcox, an employee of the Sedalia Milling Co., died at its parents' home, 241 Pettis street, yesterday and was buried during the afternoon.

## Fined for Throwing a Rock.

John Paxton, a negro boy, was fined \$1 and costs by Judge Rickman today for hitting Jack Arnold with a rock.

## WILL FIGHT THE CASES

TWO MISSOURI ROADS SUED ON THE EIGHT HOURS FOR A DAY LAW.

## MISSOURI PACIFIC AND M., K. & T.

Cases Were Called at Warrensburg, Pleas of Not Guilty Entered, and Continuance Granted Until October 16.

Warrensburg, Mo., July 16.—The initial move was made here yesterday by the railroads to fight the enforcement of the law passed by the last legislature, making it a severe penalty for any railroad to require operators who handle train orders to work more than eight hours each day.

The Missouri Pacific was sued in the Johnson county circuit court on five separate counts for violating the eight-hour law at Warrensburg, Holden, Kingsville and Knob Noster, this county. The Missouri, Kansas & Texas was sued on two counts.

The cases were set for hearing yesterday. Colonel R. T. Railey appeared for the Missouri Pacific and Attorney Aber for the Missouri, Kansas & Texas, and each entered a plea of not guilty. The court gave them time until October 16 to plead to the information.

In speaking of the suits, Colonel Railey said:

"We are satisfied that this law, as applied, as unconstitutional, and the railroads are perfectly willing that its constitutionality be thoroughly tested in the courts. I am willing that these cases be taken up at the September term of the Cass county circuit, before Judge Bradley, which will give an earlier decision in the matter.

Prosecuting Attorney Cockrell proposes to vigorously prosecute each case.

## BRANDED AS A FAKE

Joseph's Home Charitable Institution in Kansas City.

We today received a communication from the Associated Charities of Kansas City stating that Mrs. Anna Baker and the Joseph's Home, which she represents, are unworthy and not as represented, says the Boonville Democrat.

Mrs. Baker was in Boonville a few weeks ago soliciting funds for the Joseph's home, and received both money and good will from a number of our most prominent people and Christian organizations.

The letter states that she was forced to leave Minneapolis in 1899, Duluth in 1901, was convicted of fraud at Hudson, Wis., in 1902, and hurriedly left Joplin in 1905. She has solicitors working all over the central states.

**Will Picnic Next Sunday.**

Provided the weather permits, the following will participate in a picnic near this city next Sunday: Misses Ada Dunlap, Louise and Arline Phipps, Rose Waldman and Stella Mindlin, of Kansas City. Messrs. John and James Collins, Joe Quinn, Hanley O'Connell and Willie Waldman. Mr. and Mrs. Will Lee will chaperone the party.

## WILL THE PLANT BLOOM

REFERENCE IS HAD TO THE ONE ON WEST SIDE OF COURT HOUSE SQUARE.

## IT IS THIRTY-EIGHT YEARS OLD

Originally Belonged to the Late Col. A. D. Jaynes, and Some Eighteen Years Ago Presented to County Court.

An object that is still attracting attention from persons traveling on Ohio street is a century plant on the west lawn of the court house.

The plant originally belonged to the late Col. A. D. Jaynes, and from his daughter, Mrs. E. A. Wood, it is learned that it is at least thirty-eight years old.

Eighteen years ago it was given to the county, and at the dictate of the county judges was placed on the court house lawn.

Several years ago the plant began to develop, appearing as though it was about to bloom. A small sized stalk leading from the center began to grow, and shot up day by day, until at present its height is fully thirty-five feet high.

On top of the stalk are buds, giving every indication of blooming soon, and it is with pride that Jantor Mike Rymier and the court house officials watch its daily growth.

Just how often the plant blooms is not known. Some who have read of such plants say they bloom every hundred years, while others say they bloom every twenty-five years. After one bloom, it is said, the plant dies.

Whether or not the Pettis county plant will bloom soon will be awaited with interest, not alone by court house attaches, but by many Sedalians who have paid daily attention to the attraction, anxiously awaiting further developments.

## SECOND ATTEMPT SUCCEEDED

Governor General Kutais Falls Victim to Revolutionists.

St. Petersburg, July 16.—General Alikhanoff, governor-general of Kutais, whose rigorous methods of suppressing disorders in Trans-Caucasia have brought down upon him the enmity of the revolutionists, was killed by a bomb at 3 o'clock at Alexandropol this morning as he was returning from his club. The dead man was seriously injured by a bomb last year.

Madam Glieboff, wife of Gen. Glieboff, and her coachman, who were driving in their carriage at the place when the explosion occurred, were blown to pieces. A son of Gen. Alikhanoff and a daughter of Gen. Glieboff sustained serious injuries. The bombs were hurled into the Baboutoff street. Gen. Alikhanoff had been nicknamed "the wild beast" by the Caucasian members of the lower house of parliament.

## JOSEPH GIBSON DEAD

He Was a Brother of Mr. E. B. Gibson, of This City.

E. B. Gibson, of 400 West Fourth street, received a telegram yesterday, apprising him of the death of his brother, Joseph Gibson, at his home at Upperville, Va., yesterday morning.

Deceased was a farmer and was 70 years old. He leaves a wife and five children. Owing to the distance, relatives in this city will not be able to attend the funeral.

Mr. and Mrs. Gibson and son, Clay, of this city, visited in Virginia last fall, being called there by the patient's critical condition at that time, since which he has been growing worse.

## RIVER IS NOW STATIONARY

Weather Observer Says There Is Not Much Danger From Now On.

Kansas City, Mo., July 16.—The Missouri river at Kansas City and vicinity was stationary today, but a further rise of half a foot is expected by tomorrow, both in the Missouri and in the Mississippi.

Weather Observer says that most of the day will be clear.

Every reader of the magazine de-  
voted to publicity has no doubt no-  
ticed how often the experts employed  
to write for their columns tear to  
pieces some peculiarly atrocious ex-  
ample of advertising copy with their  
criticism, and how often the editor  
is called upon to print in the next  
issue a letter from the advertiser to  
this effect: "Dear Sir—Our ad may  
be as faulty as you say it is, but nev-  
ertheless it brought the business."  
Such letters are powerful tributes  
to the compelling power of publicity.  
They have proved over and over

ciated on these short time subscrip-

## PUBLIC UTILITIES.

The so-called public utilities bill,  
which became a law in New York  
on July 1, is one of the most far-  
reaching reform measures ever passed  
by an American legislature. It  
puts under direct state control every  
public service corporation, great or  
small, with the exception of the tele-  
phone and the telegraph. Under the  
new law four of the most important  
state commissions pass out of exist-  
ence. In their place are to be two  
boards of five members each, all of  
whom are to be appointed by the gov-  
ernor, and these boards are to have  
complete control of the regulations  
governing the transportation and  
lighting facilities of the state. It  
will be for them to compel all cor-  
porations to give safe and adequate  
service at just and reasonable rates;  
to prevent all rebates and discrimi-  
nations; to compel all common car-  
riers to have sufficient cars and mo-  
tive power, and to see that they are  
held specifically liable for loss or  
damage due to delay occasioned by  
negligence.

The same law prohibits the giving  
of free passes except in a few limited  
instances. It provides also that  
no franchise shall be capitalized in  
excess of the amount actually paid  
to the state as consideration for the  
grant of the franchise; that the capi-  
tal stock of a corporation formed by  
the merger or consolidation of two  
or more corporations shall not exceed  
the sum of the capital stock of the  
corporations so consolidated at their  
par value, or such sums and any ad-  
ditional sums actually paid in cash;  
"nor shall any contract for consolida-  
tion or lease be capitalized in the  
capital stock of any corporation  
whatever; nor shall any corporation  
hereafter issue any bonds against or  
as a lien upon any contract for con-  
solidation or merger." It is provided  
also that no corporation shall pur-  
chase or hold stock in another such  
corporation or common carrier un-  
less authorized by the commission.

## TARIFF AND LABOR.

An early excuse for maintaining a  
high tariff was that it enabled the  
American manufacturer to pay his  
workmen more than the old-world  
laborer received. The democratic  
party has never seriously objected to  
a tariff schedule which would cover  
this difference—but no more. It ap-  
pears, however, that the awful height  
of many of the present schedules ex-  
ceeds the entire amount paid for la-  
bor in creating the product. In this  
connection there is interest in mak-  
ing a comparison between the ad val-  
orem rates of duty in the Dingley  
tariff, as shown by the statistics of  
actual import and the percentage  
of certain leading Massa-  
chusetts products. The item  
certainly is one

ed, for various reasons; but the fig-  
ures showing the amount paid in  
wages represent it sufficiently. A  
careful analysis of the leading indus-  
tries of Massachusetts, as reported  
by the census of 1905, shows that in  
practically every instance the protec-  
tive duty is equal to the total amount  
of wages paid in the industry, and  
in many cases it is equal to several  
times that amount.

Of course, we all understand that  
other elements than labor cost are to  
be taken into consideration in dis-  
cussing this question. The scandalous  
high duties in the textile indus-  
try begin with the wicked tax of  
nearly 50 per cent on raw material,  
as in woolsens, and are built up from  
that. When machinery is burdened  
with 45 per cent, chemicals with an  
average of 27 per cent, coal with 10  
to 20 per cent, iron and steel with  
20 to 60 per cent, hides with 15 per  
cent and leather with 20 to 37 per  
cent, of course our manufacturers  
must stagger under fearful handicaps  
and the people must pay criminal  
prices. We have the capacity to be  
the strongest country in the world,  
industrially, but we deliberately  
weaken ourselves for the purpose of  
plucking the rich home market and  
the helpless consumer, and call this  
good politics, good business and good  
morals.

## ALL PUBLICITY PAYS.

Every reader of the magazine de-  
voted to publicity has no doubt no-  
ticed how often the experts employed  
to write for their columns tear to  
pieces some peculiarly atrocious ex-  
ample of advertising copy with their  
criticism, and how often the editor  
is called upon to print in the next  
issue a letter from the advertiser to  
this effect: "Dear Sir—Our ad may  
be as faulty as you say it is, but nev-  
ertheless it brought the business."  
Such letters are powerful tributes  
to the compelling power of publicity.  
They have proved over and over  
again that even poor copy will pro-  
duce results in good mediums. With  
good copy there is hardly any limit  
to the opportunity afforded by the  
use of adequate space in a first-class  
daily newspaper.

## W. E. BARD SPRINGS NEW CIGAR.

Present Wadsworth Bros.' Chico  
Which Sells Like Wild Fire.

The W. E. Bard Drug Co. recently  
introduced a new brand of cigars—  
Wadsworth Bros.' Chico. In size and  
quality they are the style of a ten-  
cent cigar, but retail at five cents  
straight.

Mr. Bard's aim is to give the smok-  
ers of Sedalia the best goods possible  
and he believes that in pushing and  
recommending the Chicos he has  
done a good thing for people who like  
a good cigar at a reasonable price.

The Chicos are made from a long  
clear Havana filler, and burn with a  
solid ash. In flavor and fragrance  
they cannot be told from cigars that  
retail at ten and fifteen cents. The  
fact that they are today the favorite  
smoke of the most fastidious trade,  
people who heretofore smoked noth-  
ing but ten and fifteen cent cigars,  
shows that this is true. Prove it for  
yourself, however, by trying a Chico.  
Put down a dime at the drug store  
cigar counter and see if the two  
cigars you get are not better than  
any cigar you ever smoked before  
for twice the money.

## EXAMPLE OF HARRIMAN

DESIRE TO SHOW SINCERITY OF  
FEDERAL FIGHT IS THE  
REASON.

## THE PRESIDENT IS NOT SATISFIED

Insistence of Executive on Court  
Action Is Opposed by Root—  
Possibly Will Be Some-  
thing Done Soon.

Washington, July 16.—From what  
is said here by those in the confi-  
dence of the president who have  
heard from Oyster Bay recently, it  
seems that the chief executive is not  
to be content with the report from  
the members of the interstate com-  
merce commission on the Harriman  
lines made public Saturday, and that  
he insists upon some sort of action in  
court.

The view of the president as re-  
flected here, is that after all the  
investigations into the Harriman ju-  
gling of railroads, it is up to the ad-  
ministration to make somewhat of an  
example of him, or, at least, estab-  
lish the sincerity of its fight against him  
by some action in the courts. Some  
of the close advisers of the president  
take this view. They reply to others  
of his advisers, who say that no pro-  
secution of Harriman or the roads  
which he has manipulated will be  
successful; that it will be better to  
have an unsuccessful issue than not  
to have any suits at all.

There is no question but that the  
president takes this view himself,  
but he is restrained by one or two of  
his advisers, the most prominent of  
whom is Elihu Root, his secretary of  
state.

The president is expected to confer  
further with Attorney General Bon-  
aparte, others of the cabinet and mem-  
bers of the interstate commerce com-  
mission over the case, and the state-  
ment is made positively, in well in-  
formed quarters here, that out of it  
will grow an attack under the Sher-  
man law on the Union Pacific's con-  
trol of the Southern Pacific. Certain  
members of the interstate commerce  
commission are authority for this  
statement.

It is known there is a strong ele-  
ment in the commission that wants a  
test made of the control by Harriman  
of the Southern Pacific. They do not  
relish the disposition on a part of the  
commission, headed by Chairman  
Knapp and Commissioner Lane, to  
avoid court action, and the mild na-  
ture of the report displeases them.

Frank B. Kellogg, special counsel  
for the commission, is understood to  
have made strong representations to  
the president to the effect that a suit  
should be brought to annul the South-  
ern Pacific control. Thus far Mr. Kel-  
logg has suffered a "turning down,"  
as his report to the commission was  
much more radical than the report of  
the commission itself. He was con-  
vinced that there were several  
grounds on which Harriman could  
be successfully attacked under the  
Sherman law, the Union Pacific's con-  
trol of the Southern Pacific being one.

If another conference is held, the  
president will be, as before, pulled  
and hauled in different directions. As  
things stand now, he is said to be  
leaning to the Kellogg side.

## BUILT BOAT IN CELLAR

May Have to Tear Down the House  
to Take It Out.

Painesville, Ohio, July 16.—Peter  
Carnegie, sr., a cousin of Andrew  
Carnegie, is in a dilemma. He built  
a boat in the cellar of his house, but  
when it was completed he found that  
he could not get it out of the cellar.  
Now he is thinking seriously of tear-  
ing down his house to get the boat  
out.

It required months to build the ves-  
sel, and now he finds it is too big to  
take upstairs and it won't go through  
a window.

His friends offered all sorts of solu-  
tions, but Carnegie is still pondering  
and the boat is still in the cellar.

## NEW SHOPS STARTED UP

THOSE FOR BUILDING M. K. & T.  
LOCOMOTIVES AT PARSONS,  
KANSAS.

## WORK BE STEADILY INCREASED

Current Turned on at the Great Gen-  
erators and the Machinery That  
Will Build the Engines  
Was in Motion.

When the steam in the boilers at  
the new power house of the M. K.  
& T. shops was high enough this  
morning and the electric generators  
were humming their song of indus-  
try, the current was turned onto the  
great locomotive shops, and the work  
began which will last as long as Par-  
sons, says Monday's Parsons Sun.

The first locomotives to be rebuilt  
in the new shops were started  
through the process of reconstruc-  
tion. It was the starting of new life  
for Parsons and the motive and the  
equipment department of the M. K.  
& T. system.

For two weeks gas fitters, engi-  
neers and machinists have been  
busy in the engine room of the pow-  
er house getting ready the machin-  
ery for starting the current. The re-  
sults of their labors in the past week  
have been the successful running of  
the air compressor, and of two elec-  
tric generators, each of 250 volts  
capacity. The second of these genera-  
tors was completed ready for running  
yesterday.

For two weeks the boilers in the  
shops have been on full steam. They  
are ready to last through many years  
of work to come. Waiting only for  
the readiness of the machines in the  
next room, they were completed and  
going.

The M. K. & T. has needed the  
work of the shops for so long that  
it was simply necessary for the  
work to be rushed. The James Stew-  
art Construction company is putting  
in three months of extra time out of  
the contract in order that the rail-  
way company may have its desire.  
The shops have been made ready for  
running four months ahead of the  
expected time of completion.

To be ready for today the railway  
company had gathered together a  
large number of dead locomotives to  
be rebuilt as soon as men and ma-  
chines could turn them out. Seven  
of them have been in the shops for  
a week and upon these was started  
the work. Outside the building are a  
dozen more. They will go in at the  
rate of one every two days.

This morning began another fea-  
ture of the work. Some machinery  
which will no longer be needed in  
the old locomotive and blacksmith  
shops was started for positions in  
the new ones. During the next month  
trains with wreckers will be busy  
in carrying these machines for set-  
ting in the new places. It is known  
that the M. K. & T. will use the  
buildings which have been the old  
shops for the repairing of cars. All  
of this work will be centered in Par-  
sons, and it means the bringing of  
500 more men to this city.

Gradually the machinists and help-  
ers in the old shops will be moved  
to the new ones. There then will be  
a blank. The capacity of the new  
shops will be no larger than that of  
the old ones, and the company will  
be without the condition it was try-  
ing to improve. But this will never  
be, for the company will be busy in  
collecting expert machinists from all  
over the country and bringing them  
to Parsons. Gradually they will arrive  
and the only flutter that will be  
caused will be made by the increased  
business made by hundreds of new  
men.

Immediately after transferring the  
old shops force to the new, the work  
of changing the buildings into car  
repair shops will begin.

## OTHER PAVING WANTED

A RESOLUTION TO PAVE MASSACHUSETTS FROM SIXTH TO THIRTEENTH.

### THE NEW CEMETERY ROAD MATTER

Was Considered at Last Night's Meeting of the City Council, But Definite Action Was Deferred.

Mayor John Collins called the city council to order at 8:15 o'clock last night. All councilmen were present. Minutes of previous meeting were read, approved and ordered filed, on motion of Mr. Crawford.

A petition asking that Massachusetts avenue be paved from Sixth street to Thirteenth street was read and filed. Mr. Crawford's motion that a resolution be prepared for the same carried.

Some minor repairs in the street at Sixth and Grand avenue, in front of W. B. Mackay's residence, were referred to the city engineer and alley committee.

Mr. Winner asked for a resolution providing for establishing the proper grade in Dal-Whi-Mo court, between Fourth and Sixth streets. His request was granted.

Mr. DeJarnette asked that repairs be made on the driveway leading from the house of engine company No. 2 to the newly-laid street paving. Engineer Zoll was asked for an estimate of the cost for doing the work.

Mr. Hatton referred to the absence of sidewalks around the city hospital, also other minor matters pertaining to the hospital.

Mr. Hatton also said that people on Thirteenth street, between Ingram and Thompson avenue, are complaining of the unlimited number of stray and worthless canines in that neighborhood. Regarding the walks at the city hospital Mr. Hatton asked for an ordinance providing for the same.

Mr. Winner, representing the cemetery committee, reported regarding the new route to the city cemetery.

He explained in detail J. C. Parmelee's offer to the city and concluded by moving that the council accept Mr. Parmelee's offer and proceed to establish a new route to the cemetery. Mr. Crawford said he favored a south entrance to the cemetery. Mr. Ilgenfritz spoke also in favor of a south entrance instead of a west entrance and moved that final action on establishing the new route be deferred until a later date. The motion to accept Mr. Parmelee's proposition to begin on the new route was defeated, only Messrs. Hatton and Winner voting yes.

Mr. Winner, representing the street and alley committee, spoke in regard to cleaning the streets. "A good deal of talk is being made about cleaning the streets," said he, "and I believe the best thing to do is to purchase a team and street sweeper and begin work immediately." Mr. Winner spoke briefly and called for suggestions from the rest of the aldermen.

Mr. DeJarnette favored hiring a team and men to do the work. Mr. Crawford favored Mr. Winner's suggestion of buying a team and sweeper. Mr. Hatton moved that the street and alley committee be authorized to purchase a team and sweeper and keep the streets clean. The motion carried.

Mr. Ilgenfritz moved that a wooden

culvert at Fourth and Park avenue be renewed and repairs made there. The motion carried.

A report from Mayor Collins and W. D. Ilgenfritz regarding the recent election for city assessor was received, on motion of Mr. Crawford.

Engineer Zoll reported that the remonstrance did not prevail against curbing Prospect avenue from Main to Henry street. The report was filed.

A report of the Liberty park board was received in which the members said they had accepted the bid of the Brown Roofing company to roof the pavilion at Liberty park. The bid for doing the work was \$210, with a guaranty that it would last fifteen years. The report was adopted.

Engineer Zoll submitted plans and specifications for paving Kentucky avenue from Third to Broadway. They were adopted.

Mr. Zoll's estimate for doing the above work was \$140 per square yard. His estimate was received and filed.

A petition from persons residing on Kentucky avenue between Third and Broadway, asking for a resolution for paving the street, was read and a resolution ordered drawn, on motion of Mr. Winner.

A resolution amending a certain section of the notorious six miles an hour ordinance and modifying the speed limit so as to permit trains to run fifteen miles an hour in the city limits was read and adopted. In accordance an ordinance was presented and adopted covering the same.

Following the reading of the ordinance, Mr. Ilgenfritz spoke briefly, explaining why the council had passed the ordinance requiring trains to run only six miles an hour within the city limits. He said both the Missouri Pacific and Katy had been in the habit of coming into Sedalia at the rate of forty and fifty miles an hour, crossing ungarded streets, where no protection whatever is afforded.

Mr. Hatton moved that a committee be appointed to ascertain where street crossings at railroad tracks are needed and that an ordinance be prepared compelling the railroads to lay the crossings. The motion carried.

Mayor Collins appointed Messrs. Hatton, DeJarnette and Crawford as members of the committee.

An ordinance granting right of way to the Light and Traction company and permission to operate a street railway on Sixteenth street, from Grand to Barrett avenue, and on Barrett avenue, from Sixteenth street to Twentieth street was read and passed, on motion of Mr. Crawford.

Sam Bass applied for a drain layer's license. It was granted.

George Pope said the city owed him \$2.65 for services rendered. Clerk Baker refused to pay the amount allowed by the council, claiming Mr. Pope owed dog license. The latter contended he did not and would sue the city in case he did not get his money. The matter was referred to Counsellor McGruder.

Major Beck complained of water overrunning his sidewalk and cellar, arising from a natural water flow and low street. Mr. Winner explained the affair and referred it to Engineer Zoll to furnish an estimate of the cost for abating the nuisance.

The Knight-Marshall Hardware Co., through Attorney John Montgomery, asked permission of the council for the Missouri Pacific to lay a switch to connect with a warehouse which the firm is contemplating erecting just east of Washington avenue and north of the railroad tracks. Permission was granted, on motion of Mr. Winner, and an ordinance was ordered drawn.

An ordinance repealing the ordinance providing for paying Kentucky avenue from Broadway to Third street was read and passed, and a resolution for paving the above named street was adopted.

An ordinance repealing an ordinance providing for the establishing of sub-districts A and B in sewer district No. 24, also repealing an ordinance establishing a sub-district in sewer district No. 24 A, was read and passed.

An ordinance establishing sewer district No. 26 out of a part of district No. 24 was read and passed.

An ordinance providing for a district sewer in sewer district No. 26 was read and passed.

A warrant for \$17,000 to pay off seventeen refunding bonds of the series 1897 was ordered drawn, on motion of Mr. Ilgenfritz.

An ordinance granting the Missouri Pacific railway the right of way to lay a sidetrack across Washington avenue was defeated for passage and referred to the finance committee and city engineer.

Mr. Ilgenfritz notified the council of a meeting of the finance committee to be held at the city clerk's office at 4 o'clock tomorrow afternoon.

On motion of Mr. Crawford, all properly audited bills were allowed after which council adjourned.

## SCANDAL TO BE PROBED

TRULY DEPLORABLE STATE OF AFFAIRS IN THE ALABAMA ASYLUM.

### PATIENTS ARE CRUELY TREATED

If One-Half That Is Charged Is True, There Certainly Ought to Be a General Weeding Out Without Delay.

Montgomery, Ala., July 16.—Gov. Comer has approved the resolution for an investigation of the insane hospital scandal, and two members of the senate committee have been named. Three from the house will be named at once.

Besides affidavits that have been secured, saying that patients were left naked in cold halls, beaten into insensibility by the nurses and left so hungry that they picked bread from slop barrels, it is sworn to that patients were killed by harsh treatment.

The evidence of Miss Bertie Crump of Crossville, who was nurse there from January to May, is typical of that of several others. She says:

"I have seen as many as five nurses on one patient, all sitting on the patient; I have seen the nurses tie the patients in pillow cases to keep them from crying out; also, I have seen them take poor maniacs and drag them over the floor by the hair."

Of the treatment of Mrs. Edward Mackey, of Birmingham, the witness said:

"I have seen the nurses force her apron or her waist into her month and choke her into insensibility, strip her and put her in the cold hall over night. One patient was beaten and choked to death early in May. I have seen the patients knocked down with chairs in the dining room."

The witness also said the food was wholly inadequate.

### PUT OFF AT WRONG TOWN

Ticketed for Stamford, Conn.; Landed at Stamford, Ky.

Lexington, Ky., July 16.—Inability to read and speak the English language gave Zsiga Zsyzmund, a Hungarian, an opportunity to see the Blue Grass country free of cost.

He left Hungary June 22 with a ticket in his pocket for Stamford, Conn., but the conductors misunderstood the writing and finally, when Zsyzmund finished his journey, he alighted from the train at Stamford, Ky.

He had only 50 cents with which to begin his fortune in the new country, so that he is now being taken care of by the good people of Stamford.

Mayor Florence, of that city, has notified the Hungarian minister at Washington of Zsyzmund's predicament, and he will be given transportation to Stamford, Conn., where he has relatives.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free a trial package of them—Dr. Shoop's Headache Tablets. ### A Citizen After 55 Years.

John Vaughan Harris, of Smithton, Mo., took out his final naturalization papers in the clerk's office of the United States circuit court this morning, says Monday's Kansas City Star. Mr. Harris is early 80 years old and served through the civil war in the regiment of which Judge John F. Phillips was a member. They were great friends.

## S.S.S. DRIVES OUT RHEUMATISM

The cause of Rheumatism is a sour, acid condition of the blood, brought about by indigestion, chronic constipation, and the accumulation in the system of refuse matter which the natural eliminative organs have failed to carry out. This refuse or waste matter ferments and sours, generating uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. One may also be born with a predisposition or tendency to Rheumatism, because like all blood diseases it can be transmitted from parent to child. The aches and pains of the disease are only symptoms which you may scatter or relieve with liniments, plasters, blisters, etc., or deaden with opiates. As soon, however, as such treatment is left off or there is any exposure to cold or dampness, or after an attack of indigestion or constipation, the wandering pains, sore muscles and joints, and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms while the real cause of the disease remains in the blood. Rheumatism can never be cured while the blood remains saturated with irritating, pain-producing uric acid poison. S. S. S. cures Rheumatism by driving the cause out of the blood. It thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. S. S. S. stimulates and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, joints, nerves and bones, the body is soothed and nourished by rich, health-sustaining blood, which completely and permanently cures Rheumatism. S. S. S. is composed of roots, herbs and barks which possess both purifying and tonic properties—just what is needed in every case of Rheumatism. ### A CASE OF SMALLPOX

Green Hall, University of Chicago, Has Discovered It.

Chicago, Ill., July 16.—As the result of the discovery of a case of smallpox at Green Hall, in the University of Chicago, sixty girl students of the institution have been vaccinated by officials of the health department, and they are all able to walk with a slight limp in the left leg.

The case of smallpox developed last Wednesday, when it was found that Miss Mary Johnson, a summer student from Norfolk, Va., had the symptoms.

She had been sick for three or four days, but her illness had not been thought serious. The girls who live in the hall were called together, and after the "scare" had been quieted down, were informed that they would all have to be vaccinated.

### FELL OR JUMPED

From a Rapidly Moving Train and Was Found Dead Later.

Newcastle, Ind., July 16.—D. D. Carmony, a prominent man of Portland, Ind., either fell from a rapidly moving Lake Erie and Western train or deliberately jumped therefrom and committed suicide eleven miles south of this city.

He was recently involved in a law suit in Portland, and it is believed that it preyed upon his mind, and may have been responsible for the act.

He had been employed by the Central States Co. as a company foreman at the Milton branch since July 1. No one knew of the tragedy until two hours after it happened.

### A FISH IN HER BLOOMERS

Briny Monster Dived into the Pretty Surf Bather's Clothes.

Atlantic City, N. J., July 16.—Miss Flo Boone, a pretty girl, who hails from Camden, was dipping joyously in the surf off Chelsea when she was heard to utter a piercing shriek. Those near her saw her clutch madly at her bathing dress and slip under the water only to rise again, still screaming, and begin a dance beside which Salome's gyrations would seem child's play.

"Cramps!" shouted one of the bathers. Then the life guards dragged the struggling Miss Boone to shore. There it was found that a fish had slipped inside the neck of the girl's bathing suit and lost its way. The more it tried to get out the more she screamed until the frightened fish, escaping from her clutching fingers, wriggled down into her bloomers, where it defied capture.

But Miss Boone promptly clapped her hand on the region of her waist and the fluttering life guards braced themselves to do their duty. Half a dozen feminine bathers came to the rescue with a wave to the men population to stand back and discreetly formed a screen while the briny monster was removed.

Nearly all old-fashioned cough syrups are constipating, especially those that contain opiates. They don't just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains honey and tar, and tastes nearly as good as maple syrup. Children like it. Sold by Arlington pharmacy.

## CITY'S FALL PREDICTED

By "Pope" Schrader, But He Withholds the Date.

Dayton, Ohio, July 16.—"Pope" Schrader, the "divine healer," struck Dayton—a mass of black velvet and black hissute adornment, with a mantle of pink China silk thrown over his shoulder and an imitation gold cross surmounting his turban.

He at once located at Ludlow street, and announce his intention of reforming Dayton, if, after an investigation, he deemed the city in need of greater morality. He gave public exhibitions of his prowess as a healer when here, 12 years ago, when he came here from Newcastle, Ind., on his wedding trip.

"Pope" Schrader who claims to be at the head of the Divine Catholic church, with a million members, states that he predicted the San Francisco earthquake six months before its occurrence, and that other dire disasters have been prognosticated by him. He freely says that Cincinnati is one of the wickedest cities in the world, and that it will be partially destroyed, with the loss of many lives, though he would not specify the date. The "Pope" was introduced to the police, and he promised to "be good."

When there is the slightest indication of indigestion, heartburn, flatulence or any form of stomach trouble take a little Kodol occasionally and you will be afforded prompt relief. ## \$1,000 FOR SAVING BABY

A Territory Of Man Grateful to a Trained Nurse.

Chicago, July 16.—Sadie L. Solander, a trained nurse of Chicago, has received \$1,000 for saving the life of a millionaire's baby. The check was sent to Miss Solander by James W. Glenn, of Bartlesville, I. T., the child's father, who is one of the wealthiest men in the southwest.

When the boy became sick he was taken to Hot Springs, but as he grew weaker the services of Miss Solander were engaged and she accompanied the child to Battle Creek, Mich. She cared for him night and day until he was able to be taken home. She was paid for her services and was greatly surprised on receipt of the check for \$1,000.

Miss Solander will use the money in touring Europe and making a study of methods in foreign hospitals.

## HIDDEN DANGERS.

Nature Gives Timely Warnings That No Sedalia Citizen Can Afford to Ignore.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger Signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Sedalia proof:

Mrs. Julia E. Crawford, of 302 East Seventh street, Sedalia, Mo., says: "Whenever I caught cold or overtaxed myself I was sure to suffer from backache and pains over the kidneys. At such times the kidney secretions became irregular and showed traces of a brick dust sediment. I learned the value of Doan's Kidney Pills in such cases and procured them at W. E. Bard's drug store. I have used them at various times during the past three years and they have never failed to give me relief. I do not hesitate a moment in recommending Doan's Kidney Pills to all who suffer from backache or kidney trouble, for I am positive that they are a most valuable and effective medicine."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## HE CALLS GAME LAW BAD

NEW MEASURE IS SCORED BY EX-REPRESENTATIVE H. R. WALMSLEY.

## SOME PLAIN TRUTHS WELL PUT

Says It Offers No Protection to Game and Gives Pot Hunters Practically Unlimited License to Kill.

"Since the Journal published a brief interview with me regarding the new game law," said ex-Representative Harry R. Walmsley to the Kansas City Journal in its issue of July 14, "I have received an increased number of requests for details of the law. The new game law is about the worst piece of villainy that a legislature ever enacted. How a legislature and governor of any state could bow down to a game dealers' association is beyond understanding. Missouri today holds the proud distinction of being the only state that ever took a backward step along these lines. She stands today giving less protection to her wild life than any other state of territory in the United States and Canada has offered for fifty years; in fact, Missouri's law is far less than that of any colony in Africa.

"When the sportsmen awake to the fact that no honest man will be allowed to hunt in the state outside of his own county, but the pot hunter and dealer shall have the exclusive privilege of killing all the game in the state, without regard to season or number, they may realize what they have lost by their apathy at the last election. The law provides that a resident may hunt in his own county without a license, and there all honest sportsmen's privileges cease. It is unlawful to hunt in an adjoining county, except on payment of \$1, and to each other county \$2.50 will have to be paid.

## Issuing of Licenses.

"But can a license be issued? It can, but probably none will be. Either the circuit clerk or collector may issue a license. Either the county court or collector may have the pleasure of printing the licenses. No one is responsible and no one as yet cares to trouble himself, so that the chances are that no licenses will be printed or issued. So a sportsman will be unable to honestly hunt, and will be liable to arrest at all times. Of course, no conviction can be had, as the law is carefully worded to protect the dealers, and is so arranged that no conviction can be had for violation of the law's provisions, thus leaving the destructive and murderous pot hunter to clean out all the game, as he will not care about arrest if no fine and imprisonment follow.

"Sections 26 and 23 remove all possibility of conviction, as it would be necessary for the sheriff of the county to actually witness the violation of the law in his own county, and he would even have to identify to the court's satisfaction each piece of game he saw killed.

"If any way could be devised in a county for issuing licenses the money obtained therefrom would go to the road fund. Section 9 of this law repeals all laws upon the statutes relating to the subject and for fear that some may get away each section of each act is specified.

## One Good Section.

"Section 1 (number 2) is the only good section in the entire act and is copied from my law, being the 'model law' of the American Ornithological Union, defining game birds and non-game birds, and absolutely protecting non-game birds; non-game birds are apparently well protected, even in the importation and wearing of feathers. The only trouble with this section is that it is made the duty of no one to look after the prosecutions. But

another law directing the calling of the grand jury at least once each year to investigate these violations, and still another in relation to the duties of prosecuting attorneys and other officers were passed and violators may be convicted through these methods.

"Section 7 gives the birds exempted from the law's operations, but no one on earth could enumerate the species intended to be exempted.

"Section 8 allows the killing of doves and section 1 prohibits the killing of doves. Likewise, section 25 makes a game bag limit of one deer, two turkeys, twenty-five quail, twenty-five ducks, and section 23 makes a game bag limit of two deer, four turkeys, fifty ducks. Surely, it's an intelligent law.

"Section 9 makes the astonishing statement that Missouri's grand old ruffed grouse, is an imported bird.

"Section 12 is too pathetic to rationally contemplate. Let us all try to forget the heinous act which is a permission to slaughter does and fawns. To their credit, from this county, three in the house (Ditzler, Noyes and Shoop) and one in the senate (Cooper) did not vote for this iniquitous measure.

## Cows Are Birds.

"It is now time to laugh—section 14 legislates cows into birds, game or fish, under the title of the act and the constitution of Missouri. I do not know what the intelligent members of our late legislature thought cows were, and I do not object to the legislating of them into fish, but I most seriously object to having them fly around in flocks.

"Section 16 gives the right to a resident to seine any stream or lake five months in the year and also gives the right to any resident of Missouri to dynamite and seine any public lake and probably any stream at any time of the year. Anglers will be joyously happy when they realize what this means to our streams and lakes.

"The enforcement of the law is placed in the hands of sheriffs and no provision is made to enable them to enforce it, and all chance of conviction is removed by sections 22 and 23. Sportsmen will be pleased to learn that if they cross any field, accompanied by a dog or a gun, without the consent of the owner or tenant of such field they are liable to a fine of \$25, and such owner or tenant pockets half of this fine.

"Fishermen will also become interested in section 28, which provides a fine of \$500 for any non-resident who fishes without paying \$15 into the road fund of each county in which he desires to fish. (Also applies to hunters.) A state game warden is created with a salary of \$2,000 per year and expenses of \$2,000 per year, who has no duties and no powers; only has to politically help the governor who may appoint him.

"But what is the use of specifying? All the forty-two sections are a mess of inconsistencies, inhumanities, barbarisms, retrogressions, outrages and robberies.

"Just one other thing should be mentioned. The protection fund was donated by the sportsmen of the state for a specific purpose—game protection; \$21,000 was stolen for a useless political fish commission, and the remainder was pilfered for a good roads fund. Sportsmen, fishermen, horticulturists and humane people generally should wake up and take an interest in the election of the next legislature."

## "THE OLD SCRATCH."

How the Evil One Came to be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time; not only disagreeable, but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively, use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Herpicide also is very delightful and effective hair-dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1. W. E. Bard Drug Co., Special Agents.

Thousands of people are daily suffering with kidney and bladder troubles—dangerous ailments that should be checked promptly. ## ROMORE WAS SHOT DEAD

Had Burst Through a Door to Kill Grant Palmer.

Blanchester, Ohio, July 16.—Peter Romore, a wealthy farmer, aged 50 years, living three miles from this place, was shot and instantly killed by Grant Palmer, a neighbor. Romore and Palmer were cutting wheat for another neighbor, John Haley.

Romore abused Palmer, who left the field, Romore following, swearing to kill him with a club. Palmer entered his home and locked all the doors, whereupon Romore broke one

down, at the same time calling to a third person to come over and watch him do the killing.

In the meantime Palmer had got a shotgun. Romore came through the door and Palmer shot his through the heart. Palmer then gave himself up to Marshal Ellston, who jailed him. Both men had been the best of friends previous to the ceremony.

## A SPLIT IN THE RANKS

NO CHANCE OF REPUBLICANS CARRYING MISSOURI NEXT YEAR.

SOME ARE AFTER THE "PIE" ONLY

Others Would Fight for State Ticket Regulars Resent Coalition With Nelson and the Kansas City Star.

The old cry of "federal officeholder" is being heard in republican ranks this year, as it has not been heard in Missouri for many moons, says the Kansas City Post. The old charges of playing politics, not to carry the state ticket, but merely to secure the delegation to the national convention are again being made.

Time was when the republican organization made no effort to elect a state officer or a district officer for that matter. All the federal officeholders wanted was the state delegation once every four years and the control of the state organization. Then there was no chance for the non-officeholders to dislodge them and the republican cause could go to the bow wows in Missouri. It always did.

Three years ago the republicans, taking advantage of the split which folk had caused in democratic ranks, by fighting a part of the ticket he ran on, took a brace and went in to win. The federal officeholders were not in the saddle then and the fellows who wanted something in the state took the state organization away from the pie eaters and started toward the state house with it. This was the first time since the old carpet-bagging days that somebody away up toward the head of the state organization had not been making a bigger effort to grab postoffices than he had to carry the state.

Warner's Lost Opportunity.

Senator Warner had a chance to cement the republican party in Missouri so tightly together that it could not have been split with an axe, but he didn't see it. Instead of spreading his appointments among leading members of all factions, Warner has taken care of Warner men first. Next, he has favored men whose party regularity has been under suspicion upon more than one occasion. Whether this course has been right or wrong, it has split the republicans along the old lines of "ins" and "outs," "federal officeholder," and "non federal officeholder."

It is the old scramble for pie in the republican ranks this year and the scramble bids fair to lose votes for Hadley, who is to be the nominee for governor. Warner is at the head of the officeholding faction. Naturally enough he hands out the pie. To break with Warner would be fatal to any officeholder who desires reappointment or to any non-officeholder who wants a berth.

Had Warner divided his patronage between Kerens, Niedringhaus and Warner men equally, there wouldn't have been so much complaint. But he didn't and that was the first cause of the rupture.

The second cause of trouble was the attitude of federal officeholders toward that state committee in the last campaign. Many of them refused to make any contributions whatsoever. Others interfered with the plans of representatives of the state committee in the field. The republican campaign was disorganized in many places and whatever chances the republicans may have had of winning was knocked silly by a lack of harmony between the followers of Warner and those of Niedringhaus and the state committee.

Democrats Got Assembly The management of the republican campaign last year believed that the republicans would have the lower house of the assembly until late in the campaign. Niedringhaus men charge that the refusal of federal officeholders to work with the state committee is responsible for the democratic majority in the lower

## TEXAS SALOONS REOPEN

Law Compelling Short Period of Prohibition Nullified by Court.

Austin, Texas, July 16.--State prohibition which has been in effect in Texas during the past three days, was ended yesterday by a decision of Judge M. M. Brooks of the court of criminal appeals to the effect that the hiatus in the new liquor law which brought about the closing of the saloons was an accident of legislation and that the legislative body could not do by accident what it is inhibited from doing by intent or design. The legislature has no authority under the constitution, he says, to establish state prohibition. The 4,000 saloons in Texas reopened today on the strength of this decision.

## TWO JARS OF GOLD

Were Unearthed in the Cellar of the McMillan Home.

Dayton, Ohio, July 16.—Prompted by the eccentricities of the late Miss Imogene McMillan, the administrator, Dr. G. W. Miller, and relatives searched her home at 229 South Ludlow street, in the hope of finding secreted valuables. They were rewarded by unearthing \$14,000 in gold, which was found in two jars in the cellar.

The party had sounded the walls and floors and searched every nook and corner without result, but when they began to excavate in the cellar, using pick, shovel and trowel, the wealth was soon found. Dr. Miller's trowel struck a hard substance, and, probing deeper, he found a jar filled to the top with glistening gold. Another jar, with about \$7,000 was also found.

The money was placed in bank by the administrator. It is said that it will be inherited by Major C. G. McMillan, former mayor of Dayton, and a present hotel manager at Mansfield, Ohio.

Miss McMillan, in her will, named a horse and a pet cat as "heirs." "Tabby" to receive 30 cents' worth of food per week and the equine to be given the best provender during its natural life and never to be sold, given away or killed. The estate consists of valuable realty and stocks, and goes to friends, relatives and public institutions. The will also gave a list of persons to whom the property should not be sold.

### Gave a 6 O'Clock Dining.

Miss Martha Berry and her mother entertained at a 6 o'clock dinner Sunday evening to the following guests at their home in Hughesville.

Mrs. Elmer Estes and sister, Miss

Pearl Lindsay, and Miss Helen Woolford, all of Trinidad, Colo.; Misses Ada Estes and Joe Irene Berry, of Sedalia, and Mr. and Mrs. Charlie Kemp, of Hughesville.

Mr. and Mrs. Charlie Kemp entertained the same guests for several days.

## VERDICT IS WITHHELD

Arsenic May Have Been Prescribed in Speer's Medicine.

Lima, Ohio, July 16.—The analysis of the stomach of David E. Speer as made by Expert Curtis Howard, of Columbus, shows arsenic in sufficient quantities to have caused death, and Coroner Steiner has wired the chemist for a sworn statement of the findings. This is the most serious phase as yet presented in the case, for which the decedent's widow has now been two weeks behind jail doors.

Coroner Steiner admits that the chemical analysis makes him prejudiced as to the cause of death, but he will continue the inquest this week, making the severest kind of a probe before rendering the verdict on which rests the fate of the woman.

Should it be shown that arsenic compounds of any kind had been prescribed the state's case would be greatly weakened and the prisoner probably discharged, but the attending physician has testified he never gave arsenic in any form.

E. W. ROSE MEDICINE CO., St. Louis, Mo.  
HARRISBURG, ILL., May 12th, 1906.  
DEAR SIR: Believing that "ZEMO" saved my arms, I feel that I will gladly tell all who suffer from eczema what your good medicine did for me. I suffered six years from a torturing eczema of both arms. I tried eight different doctors, and every eczema cure I could hear of without relief. The disease grew worse and spread to my neck and breast; my arms had great holes eaten in them. I soon became an invalid and was confined to my bed part of the time. My husband bought a bottle of "ZEMO"; the first application stopped the itching, and I began to improve; in six weeks and one day the disease had disappeared, and my arms were clean and smooth as my picture will show, before and after using "ZEMO." My arms were so bad that some of my friends wanted me to have them taken off, but I would not agree. I am now entirely cured and have gained ten pounds in weight, and feel better than I have felt in many years. I consider my quick recovery by using "ZEMO" nothing short of a miracle. I will gladly answer all inquiries and recommend "ZEMO" to all persons suffering from any itching skin disease.  
Yours gratefully,  
Mrs. Harvey Burks.

## WILL EXHUME THE BODY

MORBID CROWD KEEPS AUTHORITIES FROM TAKING UP MAGILL COFFIN.

## HUNDREDS GATHER AT CEMETERY

Autopsy Will Be Held to Determine Presence of Strychnine in the Stomach—Family Advise Divorce.

Clinton, Ill., July 15.—The body of Mrs. Pet Magill, the first wife of Frederick H. Magill, now under arrest in San Diego, Cal., charged with poisoning her, will be exhumed in order that an autopsy can be held to determine if the stomach contains strychnine.

The assistant attorney, E. B. Mitchell, in whose charge the matter was left when the state's attorney started for California, is waiting until the body can be secured without the knowledge of the public.

It was the intention to have the body taken up yesterday, but all day there were curious crowds about the cemetery.

It is the intention, following the wish of State's Attorney Miller, that the autopsy shall have been performed before he returns with his prisoner to Clinton.

The body of Mrs. Magill will be taken to Clinton and to the office of one of the physicians who will assist in the autopsy. The examination will be made there and such parts of the body as are required will be removed and placed where they can be examined later.

Detectives in the employ of the state's attorney are shadowing two Clinton men who are known to have been close friends of the accused man, and as soon as word is received from State Attorney Miller arrests will be made.

It was the intention of Attorney Mitchell to await the return of Mr. Miller before swearing out a warrant for the arrest of Merwin, but it was decided to arrest him last evening, in order that he might have no opportunity to leave Clinton.

The parents and friends of the present Mrs. Magill, who was Miss Fay Graham, insist that she is an innocent victim of the fascinations of the banker and that suit for divorce will be begun as soon as the couple reaches this city.

That Mrs. Magill No. 2 had anything to do with the alleged poisoning of Magill's first wife is denied with indignation by her family. They assert that they will insist that she show her innocence by an immediate separation from the man whom they accuse of leading her into undeserved notoriety.

Assistant State's Attorney Mitchell last night caused the arrest of Arthur D. Merwin on a warrant charging him with being the owner and operator of a gambling house. After the arrest of Merwin Attorney Mitchell stated that the warrant had been issued for the purpose of holding Merwin until the return of State's Attorney Miller, who is on his way to San Diego, Cal., with extradition papers for Frederick H. Magill and his wife.

Attorney Mitchell said that Merwin, who is a close friend of Magill, will be wanted at the trial of Magill.

"In my opinion," said Attorney Mitchell last night, "Merwin knows all the circumstances surrounding the death of Mrs. Pet Magill."

"We know absolutely that Merwin has supplied Magill with information concerning our movements since he left town. When it was decided by Mr. Miller to place Magill under arrest the news was flashed to Magill in San Diego."

### Magills Occupy Same Cell.

San Diego, Cal., July 15.—It became generally known yesterday that the 18-year-old daughter of Frederick H. Magill, the Illinois banker under arrest here charged with poisoning his first wife, is losing her mind.

She has suffered hysteria ever since the arrests were made Saturday night, according to guests of the Robinson hotel, where the girl is under the care of the jail matron.

Magill and Fay Graham Magill, his second wife, occupy the same cell at the county jail.

Regarding reports of Magill having attempted suicide on the night of his arrest, the officers state that Magill tried to draw a revolver, saying: "My God, I'll kill myself. It's all over," or something to that effect.

State Attorney Miller, of Illinois, has kept up a string of protests by wire since he learned that Chief of Police Moulton has ignored his request to keep Magill and his wife in separate cells.

All admissions to the jail previously issued to reporters and photogra-

phers have also been revoked by Sheriff Fred M. Jennings.

Assistant District Attorney John Umbdenstock Monday morning filed a petition and complaint in Justice Thorpe's court declaring that the Magills are fugitives from justice and setting forth the circumstances surrounding the alleged murder.

The complaint charged the Magills with murder in the first degree. Attorney Daney, for the defense, stated that Magill had sent a telegram to Sheriff Campbell saying he would come without papers.

Attorney Daney informed the court that they will not resist extradition and they will await the coming of the Illinois officers without resistance in the courts.

## "ANTI-SALOON LEAGUE"

ROBINSON APPOINTED SUPERINTENDENT OF THE STATE OF MISSOURI.

## SUCCESSOR OF THE REV. LINDSAY

Has Been Active in Temperance Cause for Many Years—Is a Baptist Minister Known in Sedalia.

St. Louis, Mo., July 16.—Members of the executive board of the Missouri State Anti-Saloon league yesterday announced the appointment of the Rev. Dr. U. G. Robinson superintendent of the Missouri league. He began work yesterday, at the headquarters of the association, No. 723 Victoria building.

Dr. Robinson will be assisted by his wife, who has been officially appointed his assistant. She will take entire charge of the correspondence.

The newly appointed superintendent succeeds the Rev. S. I. Lindsay, who resigned several months ago to become superintendent of the Missouri Law Enforcement league. The difficulties which were said to exist between Mr. Lindsay and the league, with regard to the holding of certain books, are said to have been arranged, and the books delivered to the new superintendent.

Doctor Robinson also becomes editor in chief of the Missouri issue, the official organ of the Anti-Saloon league. He will be assisted in the work by ten assistants.

Dr. Robinson is a Baptist minister. He was several years superintendent of the field department of the Missouri league. As head of this work he has given the management entire satisfaction.

He is at present the leader of thirty successful local option counties in this state.

Dr. Robinson was born near Springfield, Mo., thirty-five years ago. He is a graduate of Colgate university and Union college, New York, and has taken a two-years' post graduate course at the University of Chicago.

## BITE OF MOSQUITO

Caused the Sickness and Death of Rev. S. M. Cook.

Lexington, Ky., July 16.—News has reached here that Rev. Strother M. Cook, of Mercer county, a well-known Kentucky missionary, had succumbed to the dread black water fever at Lagos, Southern Nigeria, Africa.

Rev. Mr. Cook was filling his twenty-third year as a missionary in Darkest Africa. He contracted the disease from a mosquito bite while making a trip on foot with his guide

from Abeokata to Ibadan preaching to the natives along the route. The text for his last sermon was, "Christ shall be magnified in my body, whether it be by life or by death."—Phil. I, 20.

A message from Lagos says that Rev. Mr. Cook often boasted that while being nurtured by a black mammy he had made up his mind to devote his life to the salvation of the heathen negroes. He was an uncle of H. C. King, local city ticket agent for the Cincinnati Southern railroad.

## THE FLEET OF SAMPSON

ALL OF FAMOUS BATTLE SHIPS  
HAVE BEEN PLACED IN  
RESERVE.

## PLACES ARE TAKEN BY NEW SHIPS

The Iowa and Indiana Have Been Ordered in Reserve—Will Be Succeeded by the Kansas and Vermont.

The last of the battle ships that participated in the Spanish war was retired from the Atlantic fleet and placed in reserve at 12 o'clock on Saturday night, their places being taken by the new battle ships recently placed in commission, says the New York Times. The vessels that are ordered in reserve are the Indiana and Iowa, both of the fourth division of the second squadron. The Vermont and the Kansas, vessels of 16,000 tons, will take their places.

The placing in reserve of the Indiana and Iowa realizes the dream of those naval officers who have long advocated as the main fighting arm in the Atlantic a powerful fleet, the backbone of which shall be four or more squadrons of battle ships composed only of the most modern vessels of their type. The Texas has long since been placed in reserve, and the Olympia has been assigned a permanent berth at Annapolis as a training ship. The Massachusetts, the Oregon and the New York are all out of commission and undergoing repairs at various navy yards, while the Brooklyn, while still in commission, is nevertheless listed in the reserve.

The addition of the Kansas and the Vermont to the Atlantic fleet makes that organization one of the strongest fighting units possessed by any nation. As it will be constituted by the retirement to reserve duty of the two historic battle ships, there remains in it not a single armored vessel that participated in the war with Spain. In point of service the battle ships Kentucky and Kearsage are now the seniors of the fleet, they having been completed soon after the close of the Spanish war. All of the other ships are of comparatively recent completion, the newest being the Connecticut and Georgia classes.

Of the vessels in reserve the only one considered as likely to be returned to the fleet at some distant day is the Iowa, which is one of the finest vessels of her period and construction, and is considered by many naval men as good for many more years of good service provided she is brought up to date. The Indiana, the Massachusetts and the Oregon, the latter two of which are being reconstructed, will probably end their days in the reserve, as will also the armored cruiser Brooklyn. The New York, which is nearing the completion of her construction at the Boston navy yard, has been so completely overhauled that it is considered probable that she may be transferred to the Pacific to become the flagship of the fleet in those waters.

The placing in reserve of the Indiana and Iowa leaves but twenty guns of the 13-inch type in the Atlantic fleet, as all of the newer ships carry 12-inch guns in their fore and aft turrets. The vessels that still retain the 13-inch guns are the Kearsage and the Kentucky and the Alabama, Illinois and Wisconsin.

The new Nebraska fleet still consists of four divisions of battle ships, but there is a possibility that the number of divisions will be increased by the formation of another within the next year, this division to consist of the battle ships Nebraska, just completed on the Pacific coast, and the Mississippi, Idaho and Wisconsin.

The new Nebraska, it is rumored, is to be brought into the Atlantic around Cape Horn, as will also the Wisconsin, thus carrying out the plan to concentrate in the Atlantic all of the battle ships. In addition to the division of battle ships, it will also be possible—and there is every reason to believe that it will be done—to add still another division to the fleet under Rear Admiral Evans, this division consisting of four armored cruisers of the most modern construction. Two of the vessels, the Washington and the Tennessee, are already available, and the division to be completed when the North Carolina and Montana, now nearing completion, are placed in commission.

The Atlantic fleet of battle ships, as it will be constituted after the placing in reserve of the Indiana and Iowa, is as follows:

Connecticut, flagship of Rear Admiral Evans, the commander in chief; Maine, Missouri, Louisiana, Virginia, commanding second division; Georgia,

## HER SEX AGAINST HER

Then She Dressed as a Man and Was Promptly Hired.

Omaha, Neb., July 16.—Having been repeatedly denied employment because of her sex, Mrs. Nellie Norris, a pretty, delicate young widow of education and accomplishments, out on male attire, disguised herself as a man and set out in the search of a job.

The first man to whom she made application was T. J. O'Brien, proprietor of the fashionable Henshaw hotel and cafe, who but a few hours before had turned her away as a woman.

She stepped jauntily up to the desk of the hotel and asked the clerk if Mr. O'Brien was in. Mr. O'Brien appeared and she told him she wanted employment.

She went to work in the hotel a few minutes later, but the secret of her sex was revealed in a few hours, and she made her escape to Council Bluffs, where she was arrested, charged with impersonating a man. When she was taken before Judge Snyder she was dismissed.

## INFANT'S BEER CAPACITY

Drinks Three Bottles Daily While Mother Consumes a Keg.

Middleboro, Mass., July 16.—"My 7-months-old baby drinks three bottles of beer a day; I drink a keg of it a day and my husband drinks the rest of \$4 worth," Mrs. Caroline Lemme told the court Saturday. The judge fined her \$75.

Mrs. Lemme admitted that she had received 224 gallons of beer besides other liquors in the past three months. She said her husband earned \$9 a week and the beer bill was \$28 a week. She did not know how she made up the difference, but she was sure that she and her husband and baby consumed all the liquor and that they did not keep liquor for sale.

## ASKS FOR ONLY \$75,000

State Representatives Sue St. Louis Newspaper.

La Plata, Mo., July 16.—A suit for \$75,000 damages was filed here yesterday in the Macon county circuit court against the St. Louis Post Dispatch.

The plaintiff is William P. Houston, member of the legislature from Cass county, and the action is based upon an article which appeared in the Post-Dispatch under date of March 8, 1907, under the caption of "Public Service Bill Put Aside to Please Lobby."

Houston asks for \$25,000 actual and \$50,000 punitive damages. The case will be tried at the November term.

## AFFECTION OF THE NERVES.

Stammering Not Always Due to Defects in Vocal Organs.

"Stammering is often more the result of habit than from any defect of the vocal organs," says Prof. B. L. Payver. "It is generally, if not always, caused by a spasm of the larynx, resulting from nervous contraction of the organs, thus refusing to permit a proper flow of the air current, producing tone. People rarely or never stammer when singing, for then the attention is divided between the words and music, the nervousness is momentarily forgotten and the passage of the air current through the larynx is continuous and unobstructed. Stammering very often is the result of imitation, sometimes intentional, sometimes unconscious, and the affliction is much more general than might be supposed. In one comparatively small section of the city there are 35 stammerers, and every one of them is able to demonstrate to his own satisfaction not only that he does not stammer very badly, but that some other person he knows stammers a great deal worse than himself. Every stammerer is intensely sensitive about his infirmity, rarely forgives and never does forget any allusion to it which in his mind savors of ridicule.—St. Louis Globe-Democrat.

## HAD TO GO ON IN AUTO.

Machine Wouldn't Stop and Owner Tried to Wear It Out.

John P. Julius, a prominent piano dealer, of York, Pa., and an enthusiastic automobilist, engaged with his electric auto in an endurance run, which he will not soon forget. While driving along through the city streets something went wrong with the mechanism of his car and he found that he was unable to stop it. Though moving at a lively clip the car's pace was within the speed limit, and Mr. Julius, with great presence of mind, steered it on, meanwhile giving his spare attention to a search for the trouble. This search he finally abandoned, and then began the endurance run, which continued up hill and down through the streets and over country roads for several hours. The machine continued to bowl merrily on, and Mr. Julius was in despair, when he passed a garage and managed to attract the attention of a mechanic, who jumped aboard and by removing a few plugs brought up the runaway.

## Not Equal to Luxuries.

A dapper young man took a seat on a bench in Madison Square Park, says the New York Press. Sunning himself at the other end of the bench was as fine a specimen of the genus hobo as ever disfigured a landscape. After seating himself the dapper young man drew a handsome silver case from his pocket and extracted therefrom a cigarette. With the cigarette between his teeth, he drew out a silver matchbox, to find it empty. Snapping down the lid, he turned to the tramp, hesitated, then said: "I beg pardon, my friend, but do you happen to have a match?" Hands plunged into his trousers' pockets and legs sprawled out before him, the tramp surveyed his neighbor with an air of deep melancholy. "Say," he muttered hoarsely, "who do you think I am—J. Pierpont Morgan?"

## Case Was Continued.

Will Raglin, a negro, was arrested by the constabulary last night for disturbing the peace. In Judge Clark's court today he asked for a continuance until tomorrow. It was granted.

## REGARDING RAILROADS

GOULD LINE ASKS FOR ORDER AGAINST KANSAS RAILROAD BOARD.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The Missouri Pacific Railway Co., at Topeka, Kan., Monday instituted suit in the Shawnee district court to restrain the board of railroad commissioners from attempting to enforce its order compelling the Missouri Pacific and other railroads in the state to establish terminal facilities at Kansas City, Kan., provided by an act of the last legislature.

The petition questions the jurisdiction of the railroad commission over the affairs of any railroad doing an interstate business.

It is further set up that this legislative act is unconstitutional because it denies to the Missouri Pacific and other railroads in Kansas, which were affected by it, to equal protection by law, and it attempts to confer on the commission power and authority to take and appropriate property and revenue of the railroad company for public use and benefit. A claim is set up that obedience to the order would be the expenditure of a large sum of money unnecessarily.

The Katy "Stands Pat."

The declaration of the Missouri, Kansas and Texas that it would make a merchants' rate, based on a fare and one-fifth for merchants visiting the St. Louis market from Texas, was discussed at a special meeting of the Western Passenger association in Chicago Monday afternoon.

The road "stood pat," and its competitors reiterated their intention to stand by their original offer of 2 cents a mile each way. This would give the merchants visiting the St. Louis markets from Katy territory an advantage over those forced to take the Chicago rate.

There is no doubt expressed that the Missouri Pacific will meet the rate and the Rock Island will do likewise. The Katy will make the rate on the same basis to Kansas City, so will the Missouri Pacific, and in the end, it is expected, the "stand pat" for 2 cents a mile each way will be routed by the pressure of public clamor.

Katy Conductors' Conference.

A delegation of conductors, comprising the entire membership of the adjustment committee of the Order of Railway Conductors on the Missouri, Kansas and Texas system, reached the city yesterday and registered at the St. James, says Tuesday's St. Louis Globe-Democrat.

The committee is gathered together for the purpose of adjusting the conductors' pay under the wage increase recently granted. The members will meet the officials after they have gotten together and make such corrections in the present contract as they deem just.

The committee consists of C. E. Whitney, of Sedalia; C. H. Nickell, of Parsons, Kan.; C. M. Bryant, of Denison, Texas; E. W. Vance, Oklahoma City, Okla.; B. C. Cooley, New Frankfort, Ky.; C. E. Oliver, Smithville, Texas; N. H. Reed, Sedalia, and E. F. Odell, Greenville, Texas.

## FARM NAME REGISTERED

Woman is First to Comply With the New Law.

The first application to have the name of a farm registered in St. Louis county since the new law went into effect was presented yesterday to County Clerk John Ruhl by Mrs. Ellen M. La Motte, who desires that her large country place at Ferguson be given the name of "Wildwood," says Monday's Globe-Democrat. Clerk Ruhl has received a copy of the law only recently and has not completed his preparation for keeping a record of the names of places.

He accepted the application, however, and the \$1 fee required, and will, it is thought, make the name official as soon as the necessary books are secured. The application states that "the farm has been known as 'Wildwood' for fifty years, during which time Mrs. La Motte has made her home there. If this name is registered in her name, no other place in the country can adopt the same name.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand, swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## Kodol For Dyspepsia

## COULDN'T GET DIVORCE

THE HUSBAND IN THE CASE NOW BRINGS SUIT AGAINST CO-RESPONDENT.

STOLE THE AFFECTIONS OF A WIFE

Both Husband and Wife Found Guilty of Marital Misconduct—Sensational Case Will Come Up Again at Marion.

Marion, Ill., July 16.—A semi-revival of a divorce case which last May shook Marion society and was the foundation for the establishment of two factions of the best people in this city, occurred yesterday morning when the impending of a jury was begun in the alienation suit of C. A. Bell against Shannon Holland for \$10,000 damages.

Bell formerly was one of the leading merchants here, his store being in a building owned by Holland, president of the First National bank and the richest man in town.

Bell was refused a divorce or his petition and his wife received the same treatment on her cross bill, a jury of twelve men deciding that both had been guilty of marital misconduct.

Marion was stunned when Bell filed his cause for separation, naming Holland. The Williamson county circuit court room was packed for the five days of the trial's progress.

More than one hundred witnesses testified. The whole town took sides. Women flocked to the trial chamber and grouped about Mrs. Bell, who occupied a rocking chair during the entire proceedings. She was given much sympathy, as was Mrs. Holland, who never once lost faith in her husband, and declared that she placed no reliance in the persons whose testimony sought to reflect upon his character.

Bell accused his wife of having improper relations with Holland, who staunchly denied the charge. Certain witnesses sought to prove that the pair had been together on several occasions but Mrs. Bell repudiated their assertions.

At length the case was given to the jury, whose verdict was eagerly awaited, especially by the large delegation of prominent women who had found occasion to follow the trial closely and be of comfort to the defendant, Mrs. Bell.

The jury found that both Bell and his wife had been guilty of marital misconduct, and under the Illinois law, when husband and wife are held to have misbehaved, no divorce shall be granted. Judge Duncan acted in accordance with this statute, and Mr. and Mrs. Bell were denied legal separation.

Marion women insisted that the jury was as fault and great pressure was brought to bear to have a new trial, but this did not take place. Bell, however, sued Holland for \$10,000, alleging the alienation of Mrs. Bell's affections, and the case has come up several times, but always was postponed.

The court room again was crowded yesterday when the case was reported to be on the docket, and it is likely that the sensational testimony of a year ago will be repeated before the largest audience that ever congregated in a court room in this county.
